COMPANY
PROFILE

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

I. Executive Summary

Founded in 2014, 3Pillars - IT is a premier Information Technology, Telecommunications, and Security Solutions provider headquartered in Saudi Arabia. We empower enterprises and government agencies to navigate digital transformation through cutting-edge technological infrastructure, strategic project management, and specialized operation and maintenance (O&M) services.

Operating across Saudi Arabia with a workforce of over 100 skilled professionals.

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

II. Strategic Vision, Mission & Values

Our Vision

To be the leading ITC & Security Solutions provider in Saudi Arabia.

Our Mission

Delivering cutting-edge solutions that actively save our clients' CAPEX and OPEX, while guaranteeing absolute satisfaction.

Core Values Driving Our Operations

Safety & Security

A deep commitment to protection, particularly evident in our specialized aviation meteorological and environmental surveillance projects.

Collaboration

Working seamlessly with diverse government agencies to execute complex "Safe City" and national security projects.

Solutions-Oriented & Innovative

A continuous pursuit of proactive, creative engineering to solve complex enterprise challenges.

Integrity

Honesty and trustworthiness that underpin our industry reputation and collaborative ventures.

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

Certifications

ISO Certification

3Pillars-IT holds internationally recognized ISO certifications, demonstrating our commitment to quality management, operational excellence, and industry-leading standards across all service delivery.

Awards & Recognition

Best IT Service Provider 2025

Saudi Business Awards

Innovative Cloud Solutions

Recognized for innovative cloud solutions in the MENA region

III. Comprehensive Service Architecture & Technical Capabilities

3Pillars-IT delivers end-to-end technology solutions across **four primary pillars**, engineered to provide maximum uptime, security, and operational intelligence.

1. **AI-Powered Security & Video Surveillance**
2. **Enterprise IT Infrastructure**
3. **Telecommunications & Connectivity**
4. **Integrated Operations & Maintenance**

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

1. AI-Powered Security & Video Surveillance Systems

We transcend traditional monitoring by deploying **Artificial Intelligence and Deep Learning algorithms** to transform raw video into actionable operational intelligence.

Custom AI Video Analytics & Deep Learning

Our AI solutions surpass conventional motion-based detection to bolster proactive prevention strategies. We provide comprehensive neural network training tailored to unique security challenges.

- **Smart City & Public Safety:** Face Recognition, Crowd Detection, Loitering Detection, Unattended Baggage Detection, Face Mask Detection, People Line Crossing
- **Traffic & Vehicle Intelligence:** ALPR, AI Vehicle Make & Model ID, Traffic Jam Counting, Incorrect Direction Detection
- **Smart Retail:** Grocery Items Detection, Queue Detection, False/No Billing Detection at POS
- **Environmental & Industrial Safety:** Fire & Smoke Detection, Perimeter Security, Intrusion Detection

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

Comprehensive Hardware & Camera Ecosystem

We supply, install, and integrate a complete range of specialized hardware.

Camera Portfolio

Multi-Specialty Cameras, IP Cameras, PTZ (Pan-Tilt-Zoom), Infrared & Thermal Cameras, Bullet Cameras, Dome Cameras, Night Vision, Wireless, and dedicated ANPR/AI Face detection units.

Storage & VMS

PC-Based Hybrid DVR/NVR network video recorders, extensive Storage Servers, Encoders/Decoders, and advanced Video Management Systems (VMS) integrated with Security Information Management tools.

Access Control

Deployment of Access Control Devices, Barriers & Scanners, and Intrusion/Radar perimeter detection systems.

2. Enterprise IT Infrastructure Services

Our IT services involve the design, implementation, and lifecycle management of the hardware and software that form the backbone of your business.

1. **Networking Services**

   End-to-end design and implementation, including network cabling, router and switching configuration, and robust firewall setups.

2. **Servers & Storage**

   Supplying and installing high-performance servers and storage systems, alongside setting up Database Backups, Disaster Recovery protocols, and Server Virtualization.

3. **Datacenter Services**

   Encompassing the complete management and operation of data center facilities. This includes the physical DC Setup, precision Cooling, DC Virtualization, Backup Links, Physical Security integration, and continuous Environment monitoring.

4. **Cybersecurity Services**

   Protecting IT Assets and data from unauthorized access, cyber threats, and data breaches using firewalls, intrusion detection, antivirus software, encryption, and strict access controls.

5. **IT Service Management (ITSM)**

   Processes and practices for managing IT services throughout their lifecycle, featuring comprehensive Service Desk operations, Remote Support, Change Management, and IT Service outsourcing.

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

3. Telecommunications & Connectivity Services

We engineer the critical communication pathways required to connect mission-critical installations and aggregate data from remote sites.

1

Point-to-Point Wireless

Professional point-to-point network setups for enterprises, featuring Microwave Radio Link Setups connecting mission-critical installations.

2

OSP Fiber Services

Comprehensive Outdoor Fiber Cabling, including Repair, Termination, Splicing, and Testing Services.

3

Telecom Infrastructure & Civil Services

Complete planning, management, and maintenance of Fiber Optic Networks. Our civil teams handle heavy digging and trenching services, alongside supplying and installing all types of fiber cables, manholes, handholes, and Telecom Towers.

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

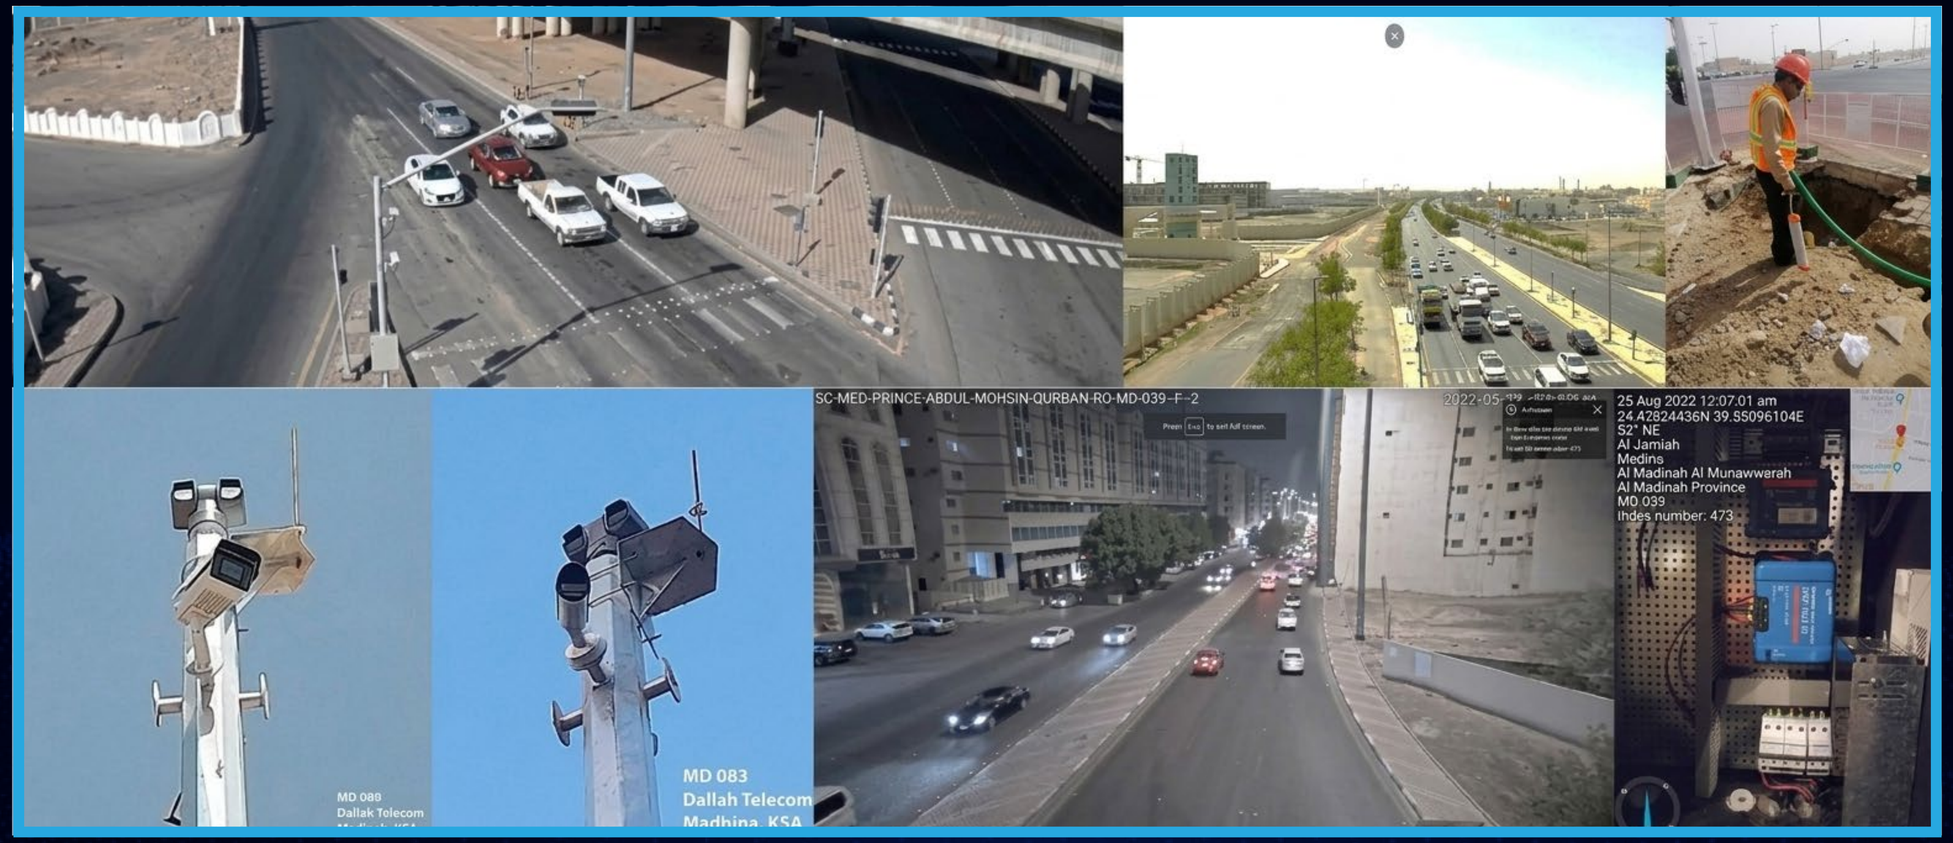

4. Integrated Operations & Maintenance (O&M)

Our O&M framework ensures that the complex systems we deploy—or existing legacy systems—operate at peak efficiency over their entire lifespan. We specialize in maintaining intricate networks, integrating physical security with operational technologies to reduce long-term OPEX for our clients.

Project Implementation Methodology

We ensure zero-defect delivery across our **600M+ SAR project portfolio** through a strict, 4-stage operational framework:

Scope Identification

Design & Planning

Implementation

Handover & Maintenance

Each stage is governed by strict quality controls, specialized team assignments, and rigorous documentation to ensure flawless project delivery and long-term client satisfaction.

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

IV. Project Implementation Methodology

1

Scope Identification

Deep analysis to understand specific customer requirements and define precise project goals and scopes.

2

Design & Planning

Developing the Project Charter, assigning specialized teams, defining strict roles/responsibilities, and mapping a comprehensive Risk Assessment Plan.

3

Implementation

Orchestrating global procurement, on-site installation, customer feedback alignment, and rigorous testing and commissioning.

4

Handover & Maintenance

Delivery of highly detailed as-built submissions, comprehensive user training, formal handover, and continuous lifecycle maintenance support.

THREEPillars
TECHNOLOGY & COMMUNICATIONS CO
شركة الأسس الثلاثه للإتصالات وتقنية المعلومات

V. Landmark Projects & Mega Deployments

Our capabilities are validated by our deployment in some of the Kingdom's most sensitive and high-profile environments:

Ministry of Interior (MOI) – Madina

Turnkey deployment of CCTV, Datacenter architecture, OSP/ISP services, and Microwave connectivity.

MOI – Arqa VIP Zone

Highly secure CCTV networks, fiber infrastructure, and datacenter integration.

Riyadh Municipality

Implementation of AI-based CCTV, widespread OSP-ISP services, and extensive microwave/fiber connectivity.

911 – Datacenter

Mission-critical 911 datacenter setup, integrated call center infrastructure, and unified security systems.

VI. Elite Clientele & Global Technology Partners

Trusted by the Kingdom's Leaders

We are a trusted partner to the most critical government and enterprise entities in Saudi Arabia:

- NEOM
- Saudi Aramco
- National Cybersecurity Authority (NCA)
- Ministry of Communications & IT (MCIT)
- Public Security & Saudi Royal Fleet
- Civil Defense & Ministry of Justice
- KA-CARE & Ministry of Environment, Water & Agriculture
- Mobily

Backed by Global Innovators

Our hardware and software ecosystems are powered by strategic partnerships with global giants, including:

- Oracle
- Dell
- Huawei
- Juniper Networks
- Milestone
- Hikvision
- Axis Communications
- Fortinet
- Trend Micro
- Barco
